Welcome to the Ohio EBT program!

What is the Ohio EBT Program?

EBT stands for Electronic Benefits Transfer. Your Ohio Direction Card is a debit card. This means you cannot use more benefits than you are eligible to receive. Your benefits are automatically deposited once a month into an account just for you. You can access your benefits at almost all grocery stores using your Ohio Direction Card and your secret 4-digit PIN.

Before using your new Ohio Direction Card please read this booklet closely. The information is designed to help answer any questions you have about your new Ohio Direction Card.

Obtaining Benefits

How do I obtain my benefits?

Your food assistance benefits are automatically deposited in your Ohio Direction Card account on the same day each month. You will need to check with your county office to find out which day you receive your benefits.

If the day you receive your benefits for that month happens to be on a weekend or holiday, your benefits are still available on that day.

There is no minimum dollar amount per food assistance transaction based on your available balance nor is there a maximum limit on the number of food assistance transactions that you can make.

Use the same card every month. **DO NOT throw your card away.** You can only use the amount of benefits you are eligible to receive. If you try to spend more than you have available in your account the transaction will be denied. If this happens, you must put some items back or pay the difference with cash. If you do not use all of your food assistance benefits during the month, they stay in your account and are added to your next month's benefits.

Ohio Direction Card

How do I use my Ohio Direction Card to shop?

You can use your Ohio Direction Card at all grocery stores that display the Ohio Direction Card sticker. After you have completed your grocery shopping, tell the cashier you are using your Ohio Direction Card and the cashier will ring up your purchase.

If you make a purchase in a different state, look for the Quest® logo.

Most grocery stores in Ohio accept the Ohio Direction Card. If you are not sure, check with the store clerk or the customer service desk.

NOTE: Not all stores use the same type of EBT equipment. Follow the cashier's directions on the screen.

- You or the cashier swipes your card through the machine.
- The cashier enters the amount of the purchase. On some machines the total automatically appears. Check the total to be sure it is correct.
- **YOU** must enter your secret 4-digit PIN on the machine's PIN pad. **Never tell the cashier or anyone else your secret PIN. Never ask the cashier to enter your PIN for you.**
- The machine prints a receipt stating the date, merchant's name and location, transaction type, transaction amount, and remaining account balance.
- Remember to take your card and your receipt with you when you leave.
- Save your receipt so that you know your balance the next time you go shopping.

What is a PIN?

- PIN stands for Personal Identification Number.
- You must have a 4-digit PIN to use your Ohio Direction Card.
- To select a PIN and activate your card, you need to call Customer Service and follow the instructions. You will need your:
 - Card Number
 - Social Security Number
 - Birth Date
- Always choose a PIN that is easy for you to remember, but hard for someone else to figure out if they find your card.
- Do not use numbers from your address or phone number. If your card is lost or stolen, these numbers would be easy for someone to figure out.
- Memorize your PIN. Do not write your PIN on anything you carry with you.
- If you forget your PIN call Customer Service and select a new PIN before you go to the store.
- If you enter the wrong PIN at the store the machine will deny your transaction. After four wrong PIN attempts your card will not work until the next day. You must call Customer Service to select a new PIN.

What happens if the store's EBT machine is not working?

If the store's EBT machine is not working, you may still be able to use your card.

The image shows a form titled "OFFLINE FOOD STAMP VOUCHER". At the top, it says "Retailer: Merchant must complete this form if the EBT device at the store is not working." Below this is a grid for entering the PIN, with the number "1234567" printed in red. The form includes fields for "State ID # and Name", "State Name", "State Address", "State City/State/Zip Code", and "PIN# CHECKED BY (NAME)". There are also checkboxes for "PIN# CHECKED BY (NAME)" and "PIN# CHECKED BY (NAME)".

The cashier can use a paper voucher and call the Retailer Customer Service number to get a telephone approval for your purchase. Next:

- The cashier fills out the voucher. The cashier will need some information from you such as your name and your card number to complete the voucher.
- Once the cashier has completed the voucher and obtained an approval, you must sign the voucher form.
- Make sure the amount charged to your account is correct.
- The cashier gives you a copy of the voucher.
- Keep the voucher copy for your records.

NOTE: Some stores that don't have the EBT machine, like a farmer's market, may also use paper vouchers.
